UI/UX COLLEGE EVENT POSTER

Designing a College Tech Fest Poster Using Figma

1. FRAME DETAILS

The **Tech Fest 2026** poster was designed using an **A4 frame in Figma** to create a professional college event poster suitable for printing and digital sharing.

Frame Properties:

- Frame Type: A4
- Frame Size: 595 x 842 px
- Orientation: Portrait
- Grid System: Single Layout
- Margin: 20–30 px
- Padding: 40 px
- Alignment: Center
- Background: Purple to Blue Gradient

The A4 frame acts as the main container for all poster elements including the college logo, event title, technology image, event details, register button, and organizer information.

2. WIREFRAME

A low-fidelity wireframe was prepared before designing the final poster to determine the placement of all visual elements.

Components:

- College Logo
- Header Section
- Event Title

- Event Tagline
- Technology Image Placeholder
- Event Description
- Date, Time & Venue
- Register Button
- Footer

3. LAYOUT DESIGN

Top Header

College Logo + Event Title

Event Tagline

Technology Image

Event Description

Date • Time • Venue

Register Button

Organizer Information

4. COLOR SYSTEM

Primary Color

- Purple (#8E24AA)

Secondary Color

- Dark Blue (#1A237E)

Accent Color

- Yellow (#FFC107)

Text Color

- White (#FFFFFF)

Background

- Purple to Blue Gradient

5. TYPOGRAPHY

Font Family

- Poppins

Heading

- 44–48 px
- Bold

Subheading

- 18–22 px
- SemiBold

Body Text

- 16–18 px
- Regular

Text Color

- White

6. IMAGES USED

A coding-themed technology image was used as the central visual element to represent programming, innovation, and technical learning.

The official **Prathyusha Engineering College** logo was added to the header to give the poster an official appearance.

7. UI ELEMENTS USED

- A4 Frame
- Gradient Background
- Header Banner
- College Logo
- Technology Image
- Heading Text
- Description Text
- Divider Lines
- Register Button
- Footer Section

8. COMPONENTS USED

- Header Component
- Logo Component
- Image Container
- Description Section
- Event Details Section
- CTA (Register Now) Button
- Footer Component

9. DESIGN PRINCIPLES FOLLOWED

- Visual Hierarchy
- Consistency
- Contrast
- Alignment
- White Space
- Balance
- Simplicity
- Emphasis

10. FIGMA TOOLS USED

- Frame Tool (A4)
- Move Tool
- Rectangle Tool
- Ellipse Tool
- Text Tool
- Image Fill
- Crop Tool
- Fill & Gradient Tool
- Effects (Drop Shadow)
- Align & Distribute
- Layers Panel
- Export

11. DESIGN PROCESS

Add Organizer Details

Final Alignment

Export Poster

12. FINAL OUTPUT

The Tech Fest 2026 poster presents a modern and attractive design using a purple-blue gradient background, coding-themed visuals, and a clean layout. The poster effectively highlights the event title, technology image, event details, registration button, and organizer information while maintaining a balanced visual hierarchy and professional appearance.

13. SCREENSHOT

14. Conclusion

The **Tech Fest 2026** poster was successfully designed using **Figma** by applying fundamental UI/UX design principles. The poster features a visually appealing layout, attractive color combination, clear typography, and effective use of images to communicate the event information. Essential Figma tools such as **Frames, Shapes, Text, Image Fill, Gradient, Effects, Alignment, and Layers** were used to create a clean and professional event poster. This project enhanced the understanding of poster design, layout planning, visual hierarchy, and user interface design while demonstrating how Figma can be used to create engaging and informative promotional materials for college events.
